

- I. Series Options (All frame series are Thermal Broken Aluminum) except for Iron Frames.
So each of these series will have the frame cross section detail.
 - A. 80 (fixed window systems)
 - B. 86 (casement window systems)
 - C. 65 (hinged door systems)
 - D. 135 (sliders)
 - E. 68 (accordion doors and windows)
 - F. 4618 (Slim Frame Interior System)
 - G. 150 (Slim Frame Sliders)
 - H. 150 (Lift and Slide)
 - I. 100 (custom front door systems)
 - J. Insulated Iron Frame Systems

- II. Door / Window Type/ Functionality
 - A. Windows:
 - 1. Fixed
 - 2. Folding (up)
 - 3. Accordion
 - 4. Awning
 - 5. Casement
 - 6. Double Casement
 - 7. Curtain Wall
 - 8. Sliding
 - 9. Hung
 - 10. Specialty (motorized systems)
 - B. Doors
 - 1. Single Door (Hinged)
 - a) Door track / threshold options
 - (1) Flush with interior flooring
 - (2) Raised above indoor flooring
 - 2. Double Door (Hinged)
 - a) Door track / threshold options
 - (1) Flush with interior flooring
 - (2) Raised above indoor flooring
 - 3. Single Door (Pivot)
 - a) Door track / threshold options
 - (1) Flush with interior flooring
 - (2) Raised above indoor flooring
 - 4. Sliders (all types)
 - a) Door track / threshold options
 - (1) Flush with interior flooring
 - (2) Raised above indoor flooring

- (3) Flush with interior and exterior flooring (integrated)
- 5. Lift and Slide
 - a) Door track / threshold options
 - (1) Flush with interior flooring
 - (2) Raised above indoor flooring
- 6. Accordion
 - a) Door track / threshold options
 - (1) Flush with interior flooring
 - (2) Raised above indoor flooring

III. Glass Options

- A. Single pane
 - 1. 5mm
 - 2. 6mm
 - 3. 8mm
 - 4. 10mm
- B. Dual Pane
 - 1. - 5mmLOWE+12A+5mm double tempered Insulated Glass with argon
 - 2. - 5mm +2 smart glass+ 5mm Double tempered insulated glass with argon
 - 3. - 5mmLOWE+24A+5mm double tempered Insulated Glass with argon
 - 4. - 5mmLOWE+27A+5mm double tempered Insulated Glass with argon
 - 5. - 5mmLOWE+24A+5mm FROSTED double tempered Insulated Glass with argon
 - 6. - 5mmLOWE+27A+5mm FROSTED double tempered Insulated Glass with argon
 - 7. - 5mmLOWE+20A+5mm double tempered Insulated Glass with argon
 - 8. - 6mmLOWE+18A+6mm Double tempered insulated glass with argon
 - 9. -8mmLOWE+14A+8mm Double tempered insulated glass with argon
 - 10. -10mmLOWE+12A+10mm Double tempered insulated glass with argon

IV. Frame Colors:

- A. Black
- B. White
- C. Gray
- D. Bronze
- E. Custom
- F. Dual Color Frame (inside color 1, outside color 2)

V. Nail Fin Setup Options

- A. - Single Coat Stucco Set back 1 3/8"
- B. - 3 Coat Stucco Set back 7/8"

- C. - Flush to outside frame nail fin
- D. - Custom
